Services

The Registered Dental Hygienist Alternative Practice allows the RDHAP to bridge the gap between facility staff and Dentist (DDS) whose practice covers dental restorations/appliances. The RDHAP assesses, screens and notifies the DDS of patient needs while providing critical prevention and oral hygiene care.

Scope of Practice

- Oral Evaluations
- Oral Cancer Screening
- In-residence and bedside dental hygiene care including:
 - Oral Prophylaxis and Periodontal maintenance therapies (scaling and root planing)
 - Therapies for dry mouth
 - Fluoride treatments
 - Denture and Partial Cleaning
 - Strategies for prevention of caries and gum disease
 - Oral Hygiene Instruction for patients and caregivers
 - Dental Sealants
 - Localized delivery of Chemotherapeutic agents
 - Cytology sample collection
 - Additional In-Services provided for Nursing staff, Administrative staff, and caregivers.
- Audit of protocol/patient hygiene needs and services to prevent fraud and abuse
- Seamless transition protocols and procedures
- All therapies and treatment to co-coordinate with DDS, Facility Administration and Clinical Staff
- Medi-Cal, Medicare, Denti-Cal provider
- All insurances accepted
- HIPPA Compliant

Our mission is to advance a new collaborative oral health care model that best serves residents at the highest level of care providing supportive oral health education to all staff members as part of the oral hygiene team.

Healthy Smiles is NOT a billing company. We are Health Care Providers, University Instructors, and Researchers with one goal in mind, HEALTH.
